

uBooNE code - Bug #17231

Hits data product size change in continuous integration testing

07/19/2017 04:45 PM - Brandon Eberly

Status:	Resolved	Start date:	07/19/2017
Priority:	Normal	Due date:	
Assignee:	Brandon Eberly	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
The number of hits produced in the continuous integration test event has increased since uboonecode revision 594d5b8a . This behavior is unexpected.			

History

#1 - 07/19/2017 05:46 PM - Gianluca Petrillo

- Description updated

#2 - 07/31/2017 11:00 AM - Lynn Garren

- Status changed from New to Assigned

#3 - 08/01/2017 03:42 PM - Brandon Eberly

- Status changed from Assigned to Resolved

- % Done changed from 0 to 100

The increase in the number of hits is understood to originate from using an outdated detsim stage reference file as the input to the reco 1 stage. The reference file has been updated.
